COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Sir:

While Applicants do not disagree with the Examiner's determination that the inventions recited in the claims are patentable over the references of record, Applicants object to the reasons for allowance (RFA) as being inaccurate and confusing. More specifically, Applicants believe that the (RFA) is improper as it merely copies each limitation of the claim into the reasons for

allowance. Applicants do not acquiesce that patentability resides in each feature, exactly as expressed in the claims, nor that each feature is required for patentability.

Respectfully submitted,
